INTRODUCTION

This cutting-edge 15.6" touch monitor excels in delivering crystal-clear images at its native 1920*1020 Full HD resolution, seamlessly integrating the latest advancements in touchscreen technology and display design for an unparalleled user experience.

At its core, the monitor boasts a 16 million-color, active matrix thin-film-transistor, LED backlit LCD panel, ensuring a stunning display with unmatched performance. The Full HD resolution of 1920*1080 makes it an optimal choice for showcasing a diverse range of graphics and images.

Taking user interaction to the next level, the monitor incorporates state-of-the-art GFF projective capacitive 10-points touch sensor. The GFF technology elevates the touch experience, allowing users to effortlessly glide their fingers across the screen, resulting in an exceptionally smooth and natural gesturing experience.

Further to its superior display and touch capabilities, the monitor features the latest USB-C DP Alternate Mode interface, built-in speakers, headphone output capability, and user-friendly on-screen display (OSD) controls.

UNPACKING THE TOUCH MONITOR

1. Place the packing box on a clean, flat surface, ensuring it is in its upright position.
2. Gently open the carton and remove the packing materials.

VERIFYING THE BOX CONTENTS

1. Verify the presence of the following items and accessories:

| USB-C Version | HDMI Version |
|--|--|
| <ol style="list-style-type: none">1. 15.6" Touch Monitor2. USB-C to USB-C Cable | <ol style="list-style-type: none">1. 15.6" Touch Monitor2. HDMI Cable3. USB-A to USB-C Cable (for touch/data)4. Power Adapter (5V/3A) |

⚠ NOTE: The MF156 is equipped with various cable accessories, determined by the version you choose at the time of purchase.

I/O PORTS & FUNCTION BUTTONS

⚠ NOTE: The screw holes are specifically designed to securely fasten USB-C locking plug type cables. Please note that *the USB-C locking plug cable is available only as a special-order item.*

⚠ WARNING: **ONLY USE 5V/3A POWER ADAPTER.** *Supplying excessive voltage can be hazardous and may result in electronic damages, leading to overheating or even fires.*

⚠ NOTE: This USB 2.0 port serves as a downstream I/O port for connecting peripherals such as a mouse, keyboard, and scanners.

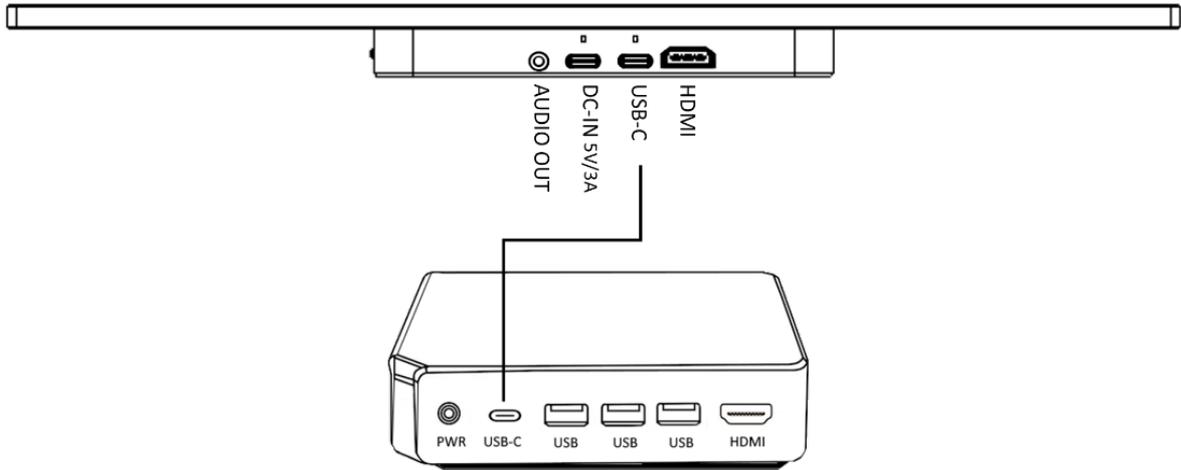

BUTTON FUNCTIONS

| Button / Monitor Status | PWR | | + | | - | |
|-------------------------|------------|--------------|------------|---------------------|--------------|-----------------------|
| | Long Press | Short Press | Long Press | Short Press | Long Press | Short Press |
| Power Off | Power On | | | | | |
| Power On | Power Off | Menu | | Volume Increase | Input Select | Volume Down |
| OSD | | Select | | Scroll Up/ Increase | Return | Scroll Down/ Decrease |
| No Signal | Power Off | Input Select | | | | |

⚠ NOTE: The function buttons are not operable when the monitor lacks input power through either USB-C or DC-In ports.

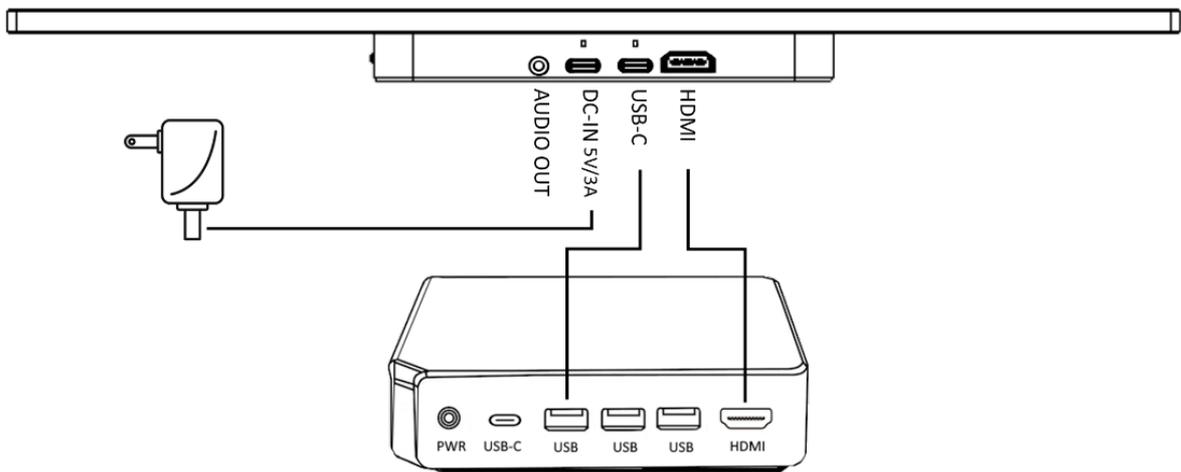

⚠ NOTE: The OSD does not function when the monitor is powered off or without a power input.

INSTALLATION

USB-C Mode

⚠ NOTE: To operate in USB-C, your computer system must support USB-C with DP Alternate Mode and with power delivery of minimum 5V/3A.

HDMI Mode

| Weight (N.W./G.W.) | | 1.1 Kgs / 2.1 Kgs |
| Wall Mount (VESA) | | 75*75 mm & 100*100 mm |

SAFETY & MAINTENANCE

SAFETY

1. Do not use the monitor near water. Never spill liquids on the monitor.
2. Do not place the monitor on an unstable cart, stand, or table. If the monitor falls, it can cause injury to personnel and/or result in serious monitor damages. Use only a cart or stand recommended by the manufacturer or one sold with the monitor. If you choose to mount the monitor on a wall or shelf, use a mounting kit approved by the manufacturer and follow the kit instructions carefully.
3. Operate the monitor with the type of power adaptor indicated on the label. Normally, it is packed with the monitor or use an adaptor approved by the manufacturer.
4. Unplug the unit during a lightning storm or when it will not be used for long periods. This will protect the monitor from damage due to power surges.
5. Do not attempt to service the monitor yourself; opening or removing covers can cause damage. Always consult with a trained service technician.
6. For wall-mount power adaptors, the wall socket must be easily accessible and close to the equipment.

⚠ WARNING: The monitor may experience malfunctions if operated with an unspecified power supply adapter or incorrect power voltage.

⚠ WARNING: Avoid exposing this unit to rain or moist environments to reduce the risk of fire or electric shock.

MAINTENANCE

The following tips will help keep your MF156 touch monitor functioning at an optimal level:

1. Disconnect the AC power adapter cable before cleaning.
2. To clean the display unit cabinet, use a clean cloth lightly dampened with a mild detergent. Do not wipe the screen with a cloth or sponge that could scratch the surface.
3. It is important that the monitor remains dry. Do not get liquids on or inside the unit. If liquid does get inside, turn the unit off and have a qualified service technician check it before you power it on again.
4. This monitor is not designed for outdoor use. Keep the monitor for indoor use only. Ensure the environmental conditions (i.e. temperature and humidity) are maintained within specification.

REGULATORY INFORMATION

(** FCC/CE application in-process, expected 2024/02)

The shipped version of this device complies with the requirements of the EEC directives 2014/30/EU “Electromagnetic compatibility” and 2014/35/EU “Low voltage directive” and RoHS directive 2011/65/EU.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

LEGISLATION AND WEEE SYMBOL

This instrument complies with the Waste Electrical and Electronic Equipment Directive 2012/19/EU marking requirement on the treatment, collection, recycling and disposal of electrical and electronic devices and their components.

This symbol on the product or on its packaging indicates that this product must not be disposed of with household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment.

The separate collection and recycling of your waste equipment at the time of disposal will help to conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste equipment for recycling, please contact your product vendor, your local city office or your community waste disposal service center.
